The IBM warranties apply only to Machines acquired for your own use, and not for resale. IBM does not warrant uninterrupted or error-free operation of an IBM Machine or that IBM will correct all defects. These warranties are the exclusive warranties from IBM and replace all other warranties, including the implied warranties or conditions of satisfactory quality, merchantability, non-infringement, and fitness for a particular purpose. IBM warranties will not apply if there has been misuse, modification, damage not caused by IBM, failure to comply with instructions provided by IBM, or if otherwise stated in Part 3. Technical or other support provided for a Machine under warranty, such as assistance with “how-to” questions and those regarding Machine set-up and installation, is provided without warranties of any kind. Some jurisdictions may not allow the exclusion of express or implied warranties, so the above exclusion may not apply. In such event, Warranties are limited in duration to the warranty period and no warranties apply after that period. Some jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply. Nothing in this SOLW affects any statutory rights of consumers that cannot be limited by contract.
